Cathy Fanslow, RN, MSN, QTTT

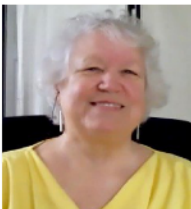

From the Beginning...

Janet Quinn, RN, PhD, FAAN, QTTT

The Most Beautiful Way of the Healer:

Love by any Other Name

**Mary Anne Hanley, RN, PhD, SGAHN, QTTT
& Eunice Lee, BA**

Future of TT: Imagining the Possibilities

Your Keynote Speakers:

Cathy Fanslow, RN, MSN, QTTT *From the Beginning...*

Cathy Fanslow is one of our Therapeutic Touch Pioneers, and is the creator of the Hand Heart Connection[®], a technique that is used with the dying and all those going through life transitions. She is an internationally acclaimed pioneer in the field of hospice care and was instrumental in the development of the “Standards of Care for the Dying Patient” protocol which is used throughout the U.S. Veterans Administration Hospital System. Cathy is the author of “Using the Power of Hope to Cope with Dying: The Four Stages of Hope”. Being in her presence is to be in the presence of joy!

Janet Quinn, RN, PhD, FAAN, QTTT *The Most Beautiful Way of the Healer: Love by any Other Name*

Janet began her Therapeutic Touch Journey in the late 70’s, and her videos, *TT Theory & Research; The Method; Clinical Applications*, are still among the best explanations of TT available. She is the author of *I Am a Woman Finding My Voice*. In Janet’s words: “ In the inner cave of the open, listening heart, there is no separation, and physical location is just a technicality that requires us each to keep our time zones straight!” Just the right words for our hybrid Congress.

Mary Anne Hanley, RN, PhD, SGAHN, QTTT *Future of TT: Imagining the & Eunice Lee, BA Possibilities*

Mary Anne is the President of Therapeutic Touch International Association and co-author of *A Practice Based Theory of Healing Through Therapeutic Touch*. She is Founding member and Chair of the Global Academy of Holistic Nursing, and the Secretary of Therapeutic Touch Dialogues, Inc. Mary Anne began learning TT in the 80’s, and her eyes and her heart are always on the future.

Eunice learned about TT by watching a video about it in the spring of 2020. She immediately looked for more information and started attending TTIA Events even before her first Foundations course in the Fall of 2020. In addition to being the mother of Elsa, Eunice is completing her Masters’ degree. She is Assistant Manager of TTIA, and our WebWoman.

Nursing CNE: This activity has been submitted to the American Holistic Nurses Association (AHNA) for approval to award contact hours. The American Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.
