INFORMATION AND INSTRUCTIONS

We are excited to welcome Heather Plett and Krista dela Rosa co-founders and co-directors of the Centre for Holding Space <https://centreforholdingspace.com> where they honour the fullness of the human experience. Their work is especially meaningful in times of Liminality - when the future is uncertain and we find ourselves navigating complexity, grief, fear and instability. Even in those times, we can find ways to ground ourselves, connect with each other, and access tenderness and joy. Stay tuned for more details about the program coming from the office, the newsletter or on the website.
